

ONLINE E&O EDUCATION HAS NEVER BEEN EASIER

ABEN'S PREMIERE ONLINE LEARNING PLATFORM IS SIMPLE, EASY TO USE, AND AFFORDABLE.

WHY CHOOSE ABEN FOR YOUR E&O?

EASY TO USE AND REGISTER

Our ABEN online learning platform makes it easy to register for any E&O course. The online catalog allows end users to view available courses. Some courses qualify for the 10% E&O premium discount, which are clearly categorized (see right). You must successfully complete 6 hours of approved E&O content to be eligible for the discount. The system will automatically send course reminders (1 week, 1 day, and 2 hours) prior to start time.

INTERACTIVE COURSES

Below you will see a preview of the interface of our online course. The online player is easy to use and allows the end user to view a live webcast, submit questions to instructors, and take notes during a course. An attendance verification code system is used to help students track attendance. No test is required!

The screenshot shows the ABEN online learning platform interface. On the left is a video player showing two men in a discussion. The main content area displays the title "PROVISIONS OF POTENTIAL EXPOSURE" with a sub-heading "Licensing and Appointments". Below this is a list of bullet points:

- Agency staff should be properly licensed & current on their CE requirements
- Company appointments should be in place
- Agencies should only be selling products for which they are authorized
- If an agency is looking to expand into additional states then a conversation with the carrier needs to precede this expansion as to what is required for the appointment and the appointment's limitations

 On the right, there is an "Information" section with details about the course, including the developer (Agents & Brokers Education Network) and a list of topics: Agency/Carrier Relationships - Law of Agency, Understanding Agent Duties, An E&O Claim - 360° View, Agency/Carrier Contracts - E&O Considerations, Agency Defense Documentation, and E&O Considerations of Agency Operations. At the top, navigation tabs for "Questions", "Notes", "Slides", and "Handouts" are visible, with "Slides" and "Handouts" highlighted in red.
