WCF  
WP Insurance

Big I Idaho is an association made up of independent insurance agents in Idaho and, through this charity golf event, raised over \$2,500 to benefit the Fearless Outdoorsman organization. At the heart of Fearless Outdoorsman lies a deep-rooted belief in the transformative power of nature. This non-profit organization is dedicated to offering life-enriching hunting and fishing experiences, at no cost, to children facing life-threatening illnesses and veterans enduring the aftermath of trauma. These outdoor adventures serve as a sanctuary, a place where struggles can momentarily fade into the background, replaced by the tranquility and beauty of the natural world. Big I Idaho truly hopes that, through the proceeds raised from this event, Fearless Outdoorsman can continue to provide this experience for children and veterans. Thank you to those who participated in, sponsored, and supported this event.
